

# **EUROPEAN UNION OF SUPPORTED EMPLOYMENT SCHOLARSHIP PROGRAMME**

**2008 – 2009**

## **INFORMATION PACK**

The European Union of Supported Employment is established to facilitate the development of Supported Employment throughout Europe. Supported Employment assists people with significant disabilities (physical, intellectual, psychiatric, sensory and hidden) to access real employment opportunities, of their own choice, in an integrated setting with appropriate ongoing support to become economically and socially active in their own communities.

EUSE works to achieve this through the promotion of the Supported Employment model, the exchange of information and knowledge on good practice in Supported Employment and the development of model services. EUSE provides a platform for networking with other organisations and associations at European and worldwide level.

EUSE is delighted to announce the “EUSE Scholarship Programme”. The Scholarship will provide an opportunity for five Supported Employment Practitioners (ie Job Coaches, Employment Officers etc) to participate in a study visit to another European State, of their choice.

**Aim of the scholarship is:-**

- To provide an opportunity for professional development and learning for Supported Employment practitioners through a study visit.

**Objectives of the scholarship are:-**

- To explore best practice in Supported Employment in another European State
- To experience first hand Supported Employment practice in another European State
- To exchange information on Supported Employment practice in both states
- To compare and contrast Supported Employment practices between European States
- To benchmark Supported Employment practices with another European State
- To learn new skills and practices in Supported Employment

**EUSE Scholarship Programme Details:-**
